

Illinois County Statistical Abstract will

Melike Bulu and Hilal Yilmaz, Editors
Robert W. Resek, Director

The Institute of Government and Public Affairs at the University of Illinois (IGPA) has been working to improve public policy since 1949. This abstract is just one part of that broad ongoing effort.

The 2004 Illinois County Abstract is a comprehensive compilation of economic and demographic data relating to a specific Illinois county from the 2004 Illinois Statistical Abstract. The Chapter numbers correspond to that volume and data sources can be found there.

Notes: 1. 1997 is the last year for which data is available.

2. Land in acres.

3. Data are based on sample farms.

(D) Not shown to avoid disclosure of confidential information.

4. Counties with less than 1,000 acres harvested for grain are not published.

Douglas County is combined with Moultrie

Hardin County is combined with Pope County.

Warren County is combined with Henderson County.

5. See the footnote in Illinois Abstract 2004, Table 16-14 for the counties for which there is no data.

6. Chickens 3 months or older. Broilers and other meat-type chickens.

7. DuPage County is combined with Cook County for 1997,1998, and 1999.

8. See the footnote in Illinois Abstract 2004, Table 16-21 for the counties for which there is no data.

9. See the footnote in Illinois Abstract 2004, Table 16-22 for the counties for which there is no data.

10. See the footnote in Illinois Abstract 2004, Table 16-23 for the counties for which there is no data.

11. See the footnote in Illinois Abstract 2004, Table 16-24 for the counties for which there is no data.

12. See the footnote in Illinois Abstract 2004, Table 16-25 for the counties for which there is no data.

13. See the footnote in Illinois Abstract 2004, Table 16-26 for the counties for which there is no data.

14. Reported value is purchase price or non-purchase price (estimated value) at the time of acquisition.
