

6. **L A L A**
Prior to enrolling in any online course faculty need to complete the Online Certification Training offered through the Center for Teaching and Research Excellence. Deans/Department Heads are to decide if assignment of online courses is based on seniority/content/etc.

M A L A A
Courses taught in an online or hybrid format carry the same considerations as any traditional offered course.

L A A A A M L
Students that register for any online or hybrid courses will be deemed to the requirements to be successful in an online or hybrid course including having the appropriate technology skills in the discipline and students without access to the needed technology or lacking the necessary skills will be deemed to be traditional courses or technology courses to aid their skills.

Students will be provided with the opportunity to attend On-line provided by the Center for Teaching and Research Excellence.
